

2.5 hr Intro fly-fishing

Kloofzicht Lodge & Spa

Unique country experience

R 400.00pp*

Sundowner Adventures presents adults & children with an opportunity to try a new adventure activity in a safe and secure environment. The manicured green lawns next to the pristine Kloofzicht Lodge dams are an idyllic setting.

Fly-fishing is fun, clean (no grubby bait!) and does not require a lot of strength. The equipment and flies are available for hire, however you are welcome to bring your own if you prefer. This is a group activity but we limit the size to a max of 10 people.

Experienced guides will patiently teach you the basic skills required for fly-fishing and to assist with practical fishing guidance. The teaching is done in a fun and easy to understand manner. We believe in keeping the sport environmentally friendly so all fish caught must be released (And we teach guests the proper techniques required for correctly releasing the fish so that they do not get injured). The dams have Trout, Bass, Carp and yellow-fish.

Guests selecting the clinic automatically receive access to all the fishing dams.

Itinerary (2,5 hours):

- Introduction to fly-fishing and the equipment
- Fly-fishing casting lesson
- Basic entomology (Knowing which flies to use)
- Practical fly fishing on the dam's with guide assistance

*** Conditions:**

Excludes transport, Tips & gratuities, Drinks and meals not specified
